

# FIRE YOUR IMAGINATION

 **DRAGON** Data Ltd **SOFTWARE**

**COSMIC INVADERS (A0102)**  
Test your trigger finger in this fast moving version of the famous arcade game — 15 skill levels, for 1 or 2 players.

**PERSONAL FINANCE (A0604)**  
Organise your family finances more effectively, create address lists and directories, using this easy-to-understand personal finance package.

**QUEST (A0608)**  
Captain your own battle force in this medieval adventure game, as you set out to defeat the dark forces of the dreaded Moorlock, master of the dark castle.

**GRAPHIC ANIMATOR (A0805)**  
Use the Dragon's joystick control to create your own brilliant colour images, then animate them by flipping through the pages.

**GHOST ATTACK (A0103)**  
Get the ghosts before the ghosts get you, in this exciting 1 or 2 player maze game.

**CAVE HUNTER (A0104)**  
Go in search of Gold as you descend deep into this complex of caves, but beware! — there are creatures that could come between you and your treasure.

**FLAG (A0514)**  
Out-pace your opponent as you race round a constantly changing hexagonal field, both battling your way through hazardous obstacles to capture the final winning flag.

**COMPUTAVOICE (A0806)**  
Dragon talks! Program your Dragon to speak, even in regional accents, with this remarkable voice synthesiser. Then start to build up whole sentences, using easily understandable techniques.

**DRAGON MOUNTAIN (A0513)**  
Find your way to the den deep inside the mountain where the dragon guards his treasure. But, before you can do that, you'll have to beat the beasts who'll do their best to stop you.

**TYPING TUTOR (A0512)**  
Using this package and your Dragon keyboard, teach yourself to type more accurately and improve your speeds.

**BLACK SANCTUM (A0809)**  
Test your survival skills, as an astronaut adrift in an alien world of endless labyrinths and evil forces.

**METEORIDS (A0101)**  
See if you've got what it takes as a Starship Captain, using your skill and concentration to steer your craft through endless deadly asteroid belts.

**CHESS (A0108)**  
The unbeatable Cyrus 1981 Microcomputer Chess Champion — or is it? Find out for yourself with 9 levels of skill, right from novice to grand master.

**CALIXTO ISLAND (A0906)**  
Fancy yourself as Cap'n Kidd? You'll have to move fast to find the treasure and return it to its rightful place — if the 'spooks' don't stop you first!

**ASTROBLAST (A0107)**  
Defend the Earth against hordes of alien space craft in this action packed game, testing your skills to the full, as they advance in wave after hostile wave.

**DRAGON SPECIAL SELECTION 2 (A0601)**  
A selection of utility programs for you to set up your own database for indexing names and addresses, compiling language vocabularies, or alternatively use it to write your own music or even enjoy a game of 'Dragon'.

**EXAMPLES FROM MANUAL (A0607)**  
Want to write your own programs? These 10 examples from the programming manual are designed to show you how.

**MADNESS AND THE MINOTAUR (A0603)**  
Venture into the castle of King Minos in search of treasure in this fascinating real time adult strategy game. Doing battle with ferocious beasts before you can at last escape into the forest.

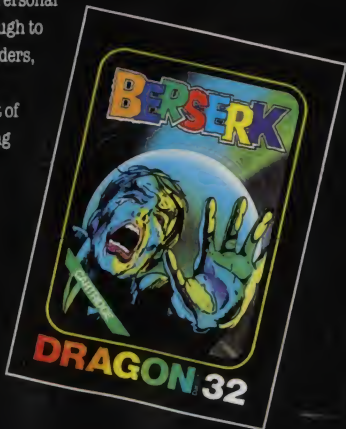

**DRAGON SPECIAL SELECTION 1 (A0600)**  
Four fun-to-play games on one cassette, designed to provide an easily understandable basis for you to program your own games.

**STARSHIP CHAMELEON (A0106)**  
The Galatrons are out to get you! Use your skill to defend your planet from their deadly bombs in this exciting sound and vision game.

This is Dragon software release 1 — a whole family of educational and games packages designed to offer something for everyone in the family, all at easily affordable prices. In it you'll find a complete choice of fascinating programs, right from Personal Finance for family budgeting and Typing Tutor, through to such established childrens favourites as Cosmic Invaders, Berserk, Meteoroids and many, many more.

The selection we've shown you here is just the start of things to come — we'll be constantly updating existing software and introducing new and exciting developments as they come along. So, look out for all of these and other new releases at your nearest Dragon Dealer.

**BERSERK (AG100)**

Be on your guard, as hostile robots try to block your exit and wipe you and your co-player out with lethal laser fire — not forgetting evil Orville — the indestructable bouncing menace!
